

PROBATE (NON-CONTENTIOUS) & ESTATE ADMINISTRATION SERVICES.

Price Transparency

The following information relates to our pricing for our services provided to estates in obtaining the grant of representation and assisting executors with the administration of an estate.

Our pricing

Where our work is charged on an hourly rate basis, our hourly rates are as follows:

TYPE	RATE
Partner	£385 (plus VAT)
Senior Manager	£285 (plus VAT)
Consultant	£185 (plus VAT)
Administrator	£50 (plus VAT)

Our preferred approach, where it is possible to do so, is to provide estates with an estimate of our likely overall pricing at the beginning of our work and/or a limit on our fees.

Standard estate

Based on our charge rates above, we would expect our fees for the work on a standard uncontested estate to be in the region of £3,500 - £6,000 (plus VAT).

Our basic services to a standard estate would be to:

- > Send relevant notifications of death.
- > Obtain details of assets and liabilities of the estate.
- > Prepare form IHT205.
- > Apply for the grant of representation.
- > Assist the executors in settling liabilities of the estate.

For an estate with more complex elements as listed below, we will provide an estimate of our fee quote upfront taking into account the size and complexity of the estate:

- > Named executors not willing and able to act.
- > More than 5 UK beneficiaries.
Lifetime gifts by the deceased within 7 years of death.
- > Business, agricultural, intangible, digital or overseas assets.
- > Requirement to file IHT 400.
- > Inheritance tax due calculation and payment advice.
- > Assist the executors in distributing the estate.
- > Preparation of estate accounts.

The terms of our appointment and pricing will always be set out at the beginning of our work and will be subject to an engagement letter and our standard terms of business. Services that may be required for some estates that are not included in the scope for a standard estate above, could be the preparation of the full inheritance tax return (IHT400), tax returns for the deceased, estate tax returns, valuation work, specialist advice in respect of business or agricultural assets, advising on and arranging deeds of variation, implementation of any trusts arising from the Will, and assisting with pensions and/or life insurance policies.

Disbursements

We may incur costs on behalf of an estate which will then be invoiced to the estate. Examples of such costs include the probate application fee, searches, and notices/advertisements of death. We always notify executors of such costs in advance of them being incurred.

Standard timeframes

On average, our work for estates that fall within the meaning of a standard estate as described above, will take between 6 and 12 months to complete. The amount of time it might take depends on a number of factors, including:

- > The size and intricacy of the estate
- > Availability of information from third parties
- > The executors beginning their role and getting all the documentation ready.

Current Government guidance states that it will usually issue a grant of probate within 12 weeks of sending in original documents. They do state it can take longer if additional information is required by HMCTS.
